GitHub: <https://github.com/habib-dev7904>

OBJECTIVE

Motivated and passionate Front-End Developer with skills in HTML, CSS, JavaScript, and React. I enjoy building responsive and user-friendly web applications. I am seeking an opportunity to grow and gain real-world experience.

SKILLS

HTML5, CSS3 (Flexbox, Grid), JavaScript (Fetch API, Async/Await), React (useState, Props, API Integration), Responsive Web Design, Git & GitHub

PROJECTS

Weather App: Built using JavaScript and OpenWeather API. Displays real-time weather data with city search and dynamic UI.

Portfolio Website: Personal website to showcase projects. Fully responsive design built with HTML, CSS, and JavaScript.

Todo App (React): Add and delete tasks with clean UI and local storage support.

EDUCATION

Currently learning Web Development (Self-taught / Online Courses)

ADDITIONAL INFORMATION

Strong problem-solving skills, fast learner, highly motivated, passionate about coding and technology

LANGUAGES

English (Basic / Intermediate), Amharic (Native)
